Sustainability Initiatives

Safety & Apparel is committed to being industry leaders in minimising the impacts of its activities on the environment we operate in.

To assist us on this journey we have been a member of the TOITU Envirocare programme since 2018 and have retained our Diamond Certification for the past 3 years. TOITU Envirocare Diamond Certified organisations exceed the requirements of ISO 14001, one of the worlds best known environmental standards.

Some specific examples of our Environmental Management System include:

Hard Hat Recycling

We have been recycling hard hats since 2018. Talk to us about recycling your hard hats. Call 0800 726 726 or speak to your Safety Specialist.

Recycled Boxes

We recycle or reuse all supplier packaging that is received into our Inwards Goods.

Compostable Packaging

We utilise compostable courier bags to ship your orders. As these are compostable we recommend that these are returned to us so we can ensure they are sent to a commercial composting facility.

Bisley Workwear have introduced a recycled polyester fabrication to there sustainability journey. Recycled single use plastic bottles are shredded then melted and spun into yarn. This up-cycled yarn is used to make durable workwear.

See Page 9 for Full Product Range

Solis Go Green combines all the fundamentals of protection, comfort & style in an environmentally friendly Safety Glass.

- + 100% Recycled nylon frames from fishnets.
- + Certified to AS/NZS 13371:2010.
- + Guaranteed plastic free Eco-Packaging.
- + Platinum Lite Coated.

IS NOW
PART OF

For over 20 years, Safety & Apparel New Zealand has built a reputation of being safety specialists in New Zealand and is proudly a TOITU enviromark diamond certified organization. RSEA Safety began as a hire equipment business and is now the largest independent safety company in Australia, with B2B uniform and safety solutions, and 80+ retail superstores. Together, the two companies have re-branded as RSEA Safety NZ, an exciting move for the NZ market which will reap the rewards of more growth, more options and a new standard of safety across all channels of retail, direct & online.

RSEA Safety is the largest independent safety business in Australia and New Zealand, offering comprehensive product and service solutions for retail and business customers.

With 80+ Super Stores (including two in Auckland) and more locations coming soon, we pride ourselves on being a one stop safety shop.
